The City Clerk transmitted communications, reports, etc., relating to the respective subjects listed below, which were acted upon by the City Council in each case in the manner noted, as follows:

Monthly Report of Dept. of Medical Examination and Emergency Treatment.

A report of the Department of Medical Examination and Emergency Treatment for the month of March, 1965, submitted by David J. Jones, City Physician.—*Placed on File.*

Annual Statement of Laborers' and Retirement Board Employees' Annuity and Benefit Fund for Year 1963.

Also the Annual Statement of the Laborers' and Retirement Board Employees' Annuity and Benefit Fund as of December 31, 1963, submitted by Donald F. Campbell, Consulting Actuary.—*Placed on File.*

Court Decision.

Also a communication from the Law Department addressed to the City Council under date of March 22, 1965, advising that the Illinois Supreme Court had affirmed the judgment of the Appellate Court of Illinois, First District, and the trial court in a cause entitled *The People ex rel. Jack F. Bourne,* Appellee, v. *Lloyd M. Johnson, Commissioner, Department of Streets and Sanitation, City of Chicago, et al.,* Appellants. Illinois Supreme Court No. 38639. This cause came to the Supreme Court by virtue of an allowed petition for leave to appeal from a judgment of the Appellate Court. (48 Ill. App. 2d 307) affirming the action of the Cook County Circuit Court awarding a writ of *Mandamus* to compel Chicago City officials to pay relator's back salary accrued during the period subsequent to his wrongful discharge as a City employe. The conclusion is drawn by the Court, that where an employe simultaneously holds two compatible jobs and is *wrongfully* discharged from one, his employer may not set off earnings from the remaining job against liability for lost wages in absence of proof of lack of diligence by employe, in seeking additional employment or that the remaining job was regarded as a complete substitute for prior dual employment. Relator's right to reinstatement having been finally adjudicated in a previous action, the sole issue presented is one of law and was held properly presented in this cause.—*Placed on File.*

Tenant, at its own expense, shall keep the premises in a safe, sanitary and sightly condition and in good repair and shall yield the same back to Landlord upon the termination of this agreement in such condition and repair, ordinary wear and tear excepted, and if said premises shall not be so kept by Tenant, Landlord may enter the premises (without such entering causing or constituting a termination of the privilege or an interference with the possession of said premises by Tenant) and do all things necessary to restore said premises to the condition herein required, charging the cost and expense thereof to Tenant and Tenant agrees to pay Landlord, in addition to the rent and charges hereby reserved, all such costs and expenses.

Article VI

Tenant covenants and agrees to keep said premises and improvements situated thereat free and clear of any and all liens in any way arising out of the use thereof by Tenant.

Landlord shall not be liable to Tenant for damage to property of Tenant or any loss of revenues to Tenant resulting from Landlord's acts, omission or neglect in the maintenance and operation of the Airport facilities.

Article VIII

Provided, however, that Landlord may elect, at its sole option, not to repair or reconstruct the premises or the building, of which the premises are a part, and upon written notice of such election from Landlord to Tenant the obligation of Tenant to pay rent shall cease and this agreement shall thereupon terminate.

In the event of any damage or destruction by fire or other casualty to the premises Tenant shall immediately, at its expense, replace and repair any and all fixtures, equipment and other property, installed by it pursuant to this agreement.

Article IX

Landlord hereby grants to Tenant the right of access and ingress to and egress from the premises by Tenant and its employees, contractors, suppliers, servicemen, sublessees, guests, patrons and invitees; provided, that such rights of access, ingress and egress, are all times exercised in conformance with any and all regulations promulgated by Landlord or the Commissioner, or other lawful authority, for the care, operation, maintenance and protection of the Airport and the public.

Tenant does further covenant, promise and agree that said Tenant will not employ any person or persons in or about the premises or on the Airport who shall be objectionable to the Commissioner and if such persons shall be employed by Tenant, he, she, or they, shall be removed upon request of said Commissioner.

Tenant agrees to use its best efforts in every proper manner to maintain and develop the business conducted by it under this agreement and increase same and not to divert or cause, or allow, to be diverted, any business from said Airport.

Article X

This agreement shall not and will not, nor shall any copy thereof, or any statement, paper or affidavit, in any way or manner referring hereto, be filed in the office of the Recorder of Deeds of Cook or DuPage Counties, Illinois or in any other public office, by Tenant or anyone acting for Tenant and that if the same be so filed, this agreement and each and every provision hereof shall, at the option of Landlord, be and become absolutely null and void and Landlord may declare such filing a breach of this agreement.

Article XI

If Tenant shall vacate or abandon the premises or permit the same to remain vacant or unoccupied for a period of ten (10) days, or in case of the nonpayment of the rent and charges reserved hereby, or any part thereof, or of the breach of any covenant in this agreement contained, Tenant's right to the possession of the premises thereupon shall terminate, with or without any notice or demand whatsoever, and the mere retention of possession thereafter by Tenant shall constitute a forcible detainer of said premises, and if the Landlord so elects, but not otherwise, this agreement shall thereupon terminate and upon the termination of Tenant's right of possession, as aforesaid, whether this agreement be terminated or not, Tenant agrees to surrender possession of the premises immediately, without the receipt of any demand for rent, notice to quit or demand for possession of the premises whatsoever, and Tenant hereby grants to Landlord full and free license to enter into and upon said premises, or any part thereof, to take possession thereof without process of law and to expel and remove Tenant, or any other person who may be occupying the premises, or any part thereof and Landlord may use such force in and about expelling and removing Tenant and said other person as may reasonably be necessary and Landlord may repossess itself of the said premises as of its former estate, but said entry of said premises shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue hereof, nor a waiver of any covenant, agreement or promise in said agreement contained to be performed by Tenant.

Tenant hereby waives all notice of any election made by Landlord under this agreement, demand for rent, notice to quit, demand for possession, and any and all notices and demands whatsoever, of any and every nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or by the common law during the terms of this agreement. The acceptance of rent, whether in a single instance or repeatedly, after it falls due, or after knowledge of any breach hereof by Tenant, or the giving or making of any notice or demand, whether according to any statutory provision or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of Landlord's right to act without notice or demand or of any other right hereby given Landlord, or as an election not to proceed under the provisions of this agreement.

If default be made in the payment of the rent, or other charges herein reserved, or of any installment thereof, as herein provided, Tenant does hereby irrevocably constitute any attorney of any Court of Record in this State, attorney for it and in its name, from time to time, to waive the issuance of process and service thereof, to waive trial by jury, to confess judgment in favor of Landlord and against Tenant for the amount of rent which may be then due, by virtue of the terms hereof, or of any extensions or renewals hereof, or by virtue of any holdover after the termination hereof, and which may be in default, as aforesaid, together with the costs of such proceedings and for said purposes to file in said cause his cognovit thereof, and to make an agreement in said cognovit, or elsewhere, waiving and releasing all errors which may intervene in any such proceeding and waiving and releasing all right of appeal and right to writ of error, and consenting to an immediate execution upon such judgment, and Tenant hereby confirms all that said attorney may lawfully do by virtue hereof. Landlord shall have a first lien on Tenant's interest hereunder, and on Tenant's property now or hereafter located in said premises, or elsewhere, to secure the payment of all moneys due hereunder, which lien may be foreclosed in equity and in case of any such foreclosure proceeding, a receiver shall be appointed to take possession of said premises and property and relet the premises under order or court.

The obligation of Tenant to pay the rent reserved hereby during the balance of the term hereof, or during any extension thereof, shall not be deemed to be waived, released or terminated, nor shall the right and power to confess judgment given in the preceding paragraph hereof be deemed to be waived or terminated by the service of any five-day notice, other notice to collect, demand for possession, or notice that the tenancy hereby created will be terminated on the date therein named, the institution of any action of forcible detainer or ejectment, or any judgment for possession that may be rendered in such action, or any other act or acts resulting in the termination of Tenant's right to possession of the premises. The Landlord may collect and receive any rent due from Tenant and payment or receipt thereof shall not waive or affect any such notice, demand, suit or judgment, or in any manner whatsoever waive, affect, change, modify or alter any rights or remedies which Landlord may have by virtue hereof.

Tenant shall pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by Landlord in enforcing the covenants and agreements of this agreement, whether by the institution of litigation or in the taking advice of counsel, or otherwise.

The rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

Article XII

Tenant shall observe and comply with all laws, ordinances, rules and regulations of the United States Government, State of Illinois, Counties of Cook and DuPage, City of Chicago and all agencies thereof which may be applicable to its operations or to the operation, management, maintenance or administration of the Airport, now in effect or hereafter promulgated.

Parcel 1A

Piers

There are twenty-four (24) tracts of land for piers, designated as W-14, W-15, W-16, W-17, W-18, W-19, W-20, W-21L, NW-1, NW-2, NW-3, E-14, E-15, E-16, E-17, E-18, E-19, ES-1, ES-2, ES-3, ES-4, ES-5, ES-6, and ES-7R in the area described as Parcel 1 under the Overhead Structure, each five feet in width, located and as shown on Exhibit "B", attached hereto and made a part hereof.

There are also two (2) tracts of land for piers designated as W-13 and E-13 to be erected partially within said area, as located and shown on Exhibit "B". They lie in the easterly right-of-way line of Lake Park Avenue, and extend easterly into the claimed right-of-way of the Railroad a distance of 3.1 feet.

There are also four (4) tracts of land for piers designated as ES-7L, W-21R, E-20 and NW-4, which lie east of the westerly line of Burnham Park, whose permanent sheeting will extend westerly 6 inches into the claimed right-of-way of the Railroad as located and shown on Exhibit "B".

The overhead highway bridge structure between piers shall be constructed to give a minimum clearance of twenty-three feet (23′) between the top of rails and the low steel of the structure. The elevation of the low steel at each pier shall be as indicated on Exhibit "B".

(b) A right of entry to construct, reconstruct, repair, maintain and operate a storm water drainage system all as shown on Exhibit "C" attached hereto and made a part hereof, and described as Parcel 2 (Sewer).

(c) Permission and authority is further granted City to use additional adjacent property claimed by Railroad as shown on Exhibit "A-2" necessary in connection with City's work of constructing said Southwest Expressway overhead bridge structure and storm water drainage system during the period of said construction only, it being specifically understood and agreed that such use of said property by City shall not interfere with Railroad's use thereof, except as provided by this agreement, and it is further understood and agreed that City shall reimburse Railroad for any and all cost and expense incurred by Railroad for rearrangement and restoration of its facilities or on account of damage to its claimed property resulting from its use by City during the construction period.

(d) Railroad reserves unto itself, its successors, assigns, grantees, lessees and licensees the right to use its claimed aforedescribed property for any and all purposes whatsoever; provided, however, such use or uses will not substantially curtail in any way the aforesaid grants and provided that any permanent structure under said highway bridge structure shall be of fireproof construction and shall provide at least an 8-foot clearance under said structure.

(e) Railroad shall have the right at any time or from time to time, without payment of compensation to City, but subject to the approval of City (which shall not be unreasonably withheld without cause), to attach to the under portion of the said overhead highway bridge structure, and to maintain thereafter such signals, signal posts, lights, telegraph, telephone, catenaries, and other wires and devices of whatsoever kind, nature and description, now used or hereafter to be used in operation of Railroad. The structural features of method of attachment of the above facilities shall be subject to approval by the Illinois Division of Highways with regard to the effect such attachment might have on the structural safety of the bridge (which approval shall not be unreasonably withheld without cause).

Section 1A. There is currently pending a lawsuit against Railroad entitled *Lawrence P. Hickey, et al.* vs. *Illinois Central Railroad Company* (60-C-9701 Circuit Court of Cook County) that challenges the title of Railroad to certain property claimed by Railroad including that described in Section 1 hereof to which the foregoing right of entry has been granted. In the event of the (1) final disposition of the aforesaid suit in favor of Railroad with respect to Railroad's title to the aforedescribed property (or any portion thereof), or (2) if the City agrees to withdraw its present objection to the rights claimed by Railroad, City shall negotiate on the compensation to be paid Railroad for the acquisition of the perpetual easements in the land, property and space described in Parcels 1, 1A and 2 in Section 1, which compensation shall be determined on the basis of the value of said easements (or portions thereof) as of the date of entry upon said property by City plus interest at the rate of 5 per cent per annum from the date of entry. For purposes of this Section 1A, the date of entry shall be the date of award of the contract for the construction contemplated by this agreement.

It is further agreed that if at any time during such negotiations, which shall not extend beyond a period of sixty (60) days, either City or Railroad becomes of the opinion that such compensation cannot be agreed upon then either party shall so notify the other in writing. Within the said sixty (60) days after such notification, City and Railroad shall file a joint consent petition with the Illinois Commerce Commission requesting approval of the said Commission to the acquisition of said easements (or portions thereof) by City in accordance with the eminent domain laws of the State of Illinois, it being understood and agreed that such action shall be without prejudice to the rights of Railroad and City in any other instance. City agrees that within thirty (30) days after the Illinois Commerce Commission shall enter its order approving the institution of said eminent domain proceedings City shall file suit under the eminent domain laws of Illinois to acquire said easements (or portions thereof) and for the determination of the compensation to be paid Railroad for such easements (or portions thereof) together with the amount of compensation to be paid Railroad for damages, if any, to its remaining property occasioned by the acquisition of the aforesaid easements (or portions thereof) and the construction of the said Southwest Expressway bridge structure. City further agrees to pay Railroad interest at the rate of 5 per cent per annum on the total amount of the agreed upon price or award received by Railroad for said

easements (or portions thereof) for the use of the property from the date of entry by City upon Railroad's property to the date of the payment at the agreed price or the date of deposit of the award in the condemnation proceedings with the County Treasurer of Cook County.

It is understood and agreed that in the event (1) the aforesaid suit shall finally adjudicate that Railroad is not the owner of the fee and without prior compensable easement rights to all (or any portion) of the property included within the right of entry herein granted to City, or (2) if Railroad by any other means abandons or loses its claim to fee ownership or prior easement rights of all (or any portion) of the said property, City shall not be obligated to compensate Railroad for the easements to which a right of entry is herein given on property to which Railroad does not own the fee title or prior easement rights. In such event, however, all other terms, provisions and conditions of this agreement shall remain in full force and effect including, but not by way of limitation, all provisions herein contained with respect to the payment to Railroad for the costs and expenses incurred by Railroad in connection with the relocation or adjustment of Railroad facilities for the construction of the Southwest Expressway overhead highway bridge structure and appurtenances.

Section 2. Preliminary and final detailed plans, field surveys, estimates of cost, specifications, proposal forms, and necessary special provisions for said highway bridge structure, substructures, storm water drainage system and other drainage structures, paving, lighting, and all other appurtenances shall be prepared by City at its sole expense. All such plans, specifications, special provisions and construction procedures which may affect facilities of Railroad as well as the safety of its operations must be submitted to Chief Engineer of Railroad for approval which approval shall not be withheld except for cause, and will not be adopted as final until prepared in compliance with the reasonable requirements of Railroad.

Section 3. No changes shall be made in any approved plans, specifications or special provisions by either party hereto without the consent, in writing, of the other party hereto.

City shall furnish Railroad prints of the plans, specifications and special provisions as may be required to carry out Railroad's work and upon completion of the work City will furnish Railroad reproduced tracings of such as built plans, specifications, and special provisions as pertain to Railroad's facilities.

Section 4. Railroad shall have the right to perform at City's expense, and without any prior notice thereof being given to City, any work of an emergency nature and necessary to permit normal railroad operations during the construction of said overhead highway bridge structure and drainage system, however, Railroad shall notify City within 72 hours after commencing any such work.

Section 5. City agrees to construct and complete, or cause to be constructed and completed, at no expense to Railroad, in accordance with said plans, specifications and special provisions, the said overhead highway bridge structure, substructures, drainage system and other drainage structures, paving, lighting, and all other appurtenances thereto, together with all other highway facilities over and across the claimed property of Railroad.

All work affecting the claimed property and operations of Railroad shall be awarded by City to a competent contractor (or contractors) experienced in such work and having adequate equipment, organization and finances to do the work safely and effectively.

City shall assume and bear the cost of all protective measures which Railroad may deem necessary to safeguard Railroad's employees, tracks, trains, and other property or facilities or as seen fit to protect Railroad's operations made necessary by construction methods employed by the contractor (or contractors). The requirements of Railroad for providing such protective measures and including the classification of employees, rates of pay and additional payroll charges are shown on Exhibit "D" attached hereto and made a part hereof. City shall reimburse Railroad for the cost to it of such protective measures promptly upon receipt of bills prepared in accordance with Section 6 hereof.

After the award of any contract, or contracts, contemplated by this agreement and before the work is started on this project, a conference shall be held between City, Railroad and the contractor (or contractors) at a time and place to be designated by City for the purpose of coordinating the work to be performed; at which meeting a tentative schedule of operations shall be adopted and measures agreed upon to meet Railroad's requirements for the protection of its clearances, operations and general safety regulations. Additional conferences will be held as the work progresses and the need arises.

Section 6. Railroad agrees, at the expense of City, to make such temporary and permanent changes as mutually agreed upon by Railroad and City in its railroad facilities including but not limited to changes in its electric, communications and signal lines, signals, tracks, and drainage facilities as may be necessitated by the construction of this improvement. The estimated cost of Railroad's work is $161,790.00 as set forth in the detailed estimate attached hereto and made a part hereof as Exhibit "E".

Railroad shall submit to City, monthly, statements (in sets of ten (10) each) of all the cost and expense incurred by it, or for its account, performed at the expense of City. City shall reimburse Railroad within thirty (30) days after receipts of bills, for one hundred per cent (100%) of the amount thereof. Such reimbursement, however, will be audited by City each six (6) months and further be subject to the requirement that all expense billed to City must be allowable charges under the provisions of "Policy and Procedure Memorandum 30-3" dated August 15, 1955, as amended, issued by the United States Department of Commerce, Bureau of Public Roads.

After City and Bureau of Public Roads have examined, audited and approved the final bills, Railroad shall refund to City the amount of any item (or items) of expense found by City or the Bureau of Public Roads to be improper for reimbursement by City because of nonconformance with "Policy and Procedure Memorandum 30-3", as amended.

For the cost of any work done by Railroad, in addition to the work described in the Exhibit "E", made necessary by changes in the plans approved by the parties hereto, pursuant to the provisions of Section 3 hereof, or any emergency work necessary to safeguard and maintain any operations of Railroad, or for any other reason, caused by the construction of this improvement, reimbursement shall be made to Railroad by City for such cost at the same rate for labor and materials as for the work described in Exhibit "E" and as listed in Exhibit

"E" subject to escalator provisions of this Section, and Railroad shall furnish to City a detailed statement (in sets of ten (10)) monthly, to be audited by City and the Bureau of Public Roads as provided hereinafter in this Section.

Railroad shall furnish City a statement of the actual labor performed on this project in the form and manner as agreed to at the preconstruction conference referred to in Section 5 hereof, which form and manner, however, must conform to the provisions of "Policy and Procedure Memorandum 30-3", as amended.

The records of Railroad substantiating the costs and expenses shown on detailed statements shall be kept available at reasonable times and in such order that an audit can readily be made by City, Department of Public Works and Buildings of the State of Illinois and the Bureau of Public Roads, for a period of Four (4) years following completion of the improvement, unless such audit is completed sooner.

It is further understood that if, as of the time the work is performed by Railroad, the cost of such materials has increased over the cost of such materials as of the date of the aforesaid estimate or the labor rates which are required to be paid, and are paid in the performance of said work, are in excess of the labor rates required to be paid by Railroad as of the date of the aforesaid estimate, as shown thereon then, in that event, the sum of the aforesaid estimate shall be increased by an amount or amounts as represented by the increase of such cost of materials and such rates of labor; provided, however, that the increase in the cost of material and of labor shall not have been caused by any unreasonable delay of Railroad in the performance of its work hereunder.

In the event of any anticipated increase in cost due to increased labor rates or increased material costs, or due to changes in the plans, Railroad shall submit a revised estimate to City for approval prior to the commencement of the work involved. City shall promptly approve such revised estimate if it complies with the provisions of this Section. In case of emergency work, referred to in this Section, a revised estimate shall be prepared by Railroad and submitted to City promptly after such work has been done.

Section 7.

A. City agrees to direct its contractor (or contractors) that the safety and continuity of operations of the railroad traffic shall be of first importance and shall at all times be protected and safeguarded. City shall require its contractor (or contractors) to maintain at all times where falsework, bracing, formwork, or any other obstructions resulting from this construction which may reduce clearance, a minimum horizontal clearance of seven (7) feet and six (6) inches from the center line of the nearest track and a minimum vertical clearance of twenty (20) feet above top of highest rail. The City agrees to require that its contractor (or contractors) not store any materials, supplies, or equipment closer than fifteen (15) feet from the center line of any railroad track, measured at right angles thereto. City agrees to require that its contractor (or contractors) conduct his operations upon the Railroad's right of way in full compliance with the rules, regulations and requirements of Railroad.

B. City shall require its contractor (or contractors) to give written notice to Division Superintendent, Illinois Central Railroad Company, 135 East 11th Place, Chicago, Illinois 60605, at least 72 hours in advance of the time the contractor (or contractors) intends to start any work on Railroad's right of way.

Whenever such work, in the opinion of the Chief Engineer of Railroad or his duly authorized representative, may affect the safety of trains and the continuity of railroad operations, the method of doing such work shall first be submitted to said Chief Engineer for his approval, which shall not be unreasonably withheld or delayed and without which the work shall not be commenced or progressed. The approval of said Chief Engineer shall not be considered as a release from responsibility or liability of the contractor (or contractors) or those of his subcontractor or his or their employees.

C. In the event that the Chief Engineer of Railroad shall deem any of the work or operations to be hazardous to railroad operations, City shall suspend or cause its contractor (or contractors) to suspend such work until remedial measures, satisfactory to said Chief Engineer or his duly authorized representative, are taken.

D. Railroad shall have the right at all times to have inspectors at the site of the work to be performed under this agreement. The cost of providing said inspectors which is estimated as shown in Exhibit "D", shall be reimbursed to Railroad by the City, for such inspection service performed, all charges to be made in accordance with the provisions of "Policy and Procedure Memorandum 30-3", dated August 15, 1955, and amendments thereto, issued by the United States Department of Commerce, Bureau of Public Roads.

Section 8. Insurance. Before the commencement of any work under this agreement, City shall procure or shall require its contractor (or contractors) to procure insurance for Railroad and other railroads operating over its tracks in accordance with Bureau of Public Roads "Policy and Procedure Memorandum 20-12" dated March 5, 1959, and by reference made a part hereof, which will protect and save harmless Railroad and other railroads operating over its tracks and City as stated therein. Limits of liability of said railroad protective insurance shall be $500,000.00 for each individual and $10,000,000.00 for each occurrence with respect to bodily injury or death; and $2,000,000.00 for each occurrence with respect to property damage. In addition to the foregoing insurance City shall procure or shall require its contractor (or contractors) to procure additional insurance, with limits as aforesaid, to expand the coverage of the foregoing insurance to protect and save harmless Railroad and other railroads operating over its tracks against its or their own negligence or that of its or their employees or agents in connection with the work covered by this agreement. All such insurance shall be subject to approval in content and form by Railroad and shall be with companies licensed by the State of Illinois and shall remain in full force and effect during the period of construction and until completion and acceptance of the work by the parties hereto and thereafter as respects occurrences and losses which are caused or occur within the period aforementioned. Railroad shall be furnished copies of said policy or policies of insurance before commencement of any work by the contractor (or contractors).

Section 9. City shall require its contractor (or contractors) upon final completion of the work of such contractor (or contractors) to remove from within the limits of the right of way of Railroad all machinery, equipment, surplus materials, falsework, rubbish or temporary buildings of such con-

tractor (or contractors) and to leave such right of way in a condition satisfactory to the Chief Engineer of Railroad.

Section 10. City shall require its contractor (or contractors) to furnish bond in the amount of the full contract price with a responsible surety company guaranteeing the satisfactory performance of the work herein.

Section 11. City assumes the entire responsibility for and shall, at its sole cost and expense, construct, maintain, repair and renew, or cause so to be done, the entire overhead highway bridge structure, substructures, drainage system and other drainage structures, paving, lighting, and all other appurtenances thereto to be constructed under this agreement. City further agrees that snow and ice will not be removed from the bridge structure in any manner which will cause dumping of same on Railroad's track area.

Railroad assumes the entire responsibility for and shall, at its sole cost and expense, maintain, repair and renew all its facilities, including but not limited to those modified or altered by work under this agreement, except if such damage is caused by City. If any work involving maintenance, repair, renewal or reconstruction of said overhead bridge shall involve work on the underside of said bridge or extend below or over the sides of said bridge, City shall give Railroad notification as provided in Section 7B of this Agreement before beginning such work. In connection with such work City and Railroad shall mutually agree on the protective services and insurance coverage, if any, required to protect Railroad and its property. In determining such necessary protective services and insurance coverage Railroad and City shall apply in so far as practicable the principles contained in this agreement together with the scope of such work to be performed and the resulting possible extent of liability of Railroad.

Section 12. Railroad and City agree not to erect or grant permission to others to erect any advertising signs on the Railroad's claimed property within the limits of Parcel 1.

Section 13. It is hereby mutually agreed that, upon completion of all of the work provided for in this agreement, and after payment by the City of sums which may become due under Section 1A and all sums due Railroad for work performed by Railroad under this agreement for the City, City may assign to the State of Illinois both its rights and obligations under this agreement including but not limited to its obligations as provided for in Section 11 of this agreement.

Section 14. This agreement shall not be binding upon the parties hereto until the Illinois Commerce Commission has entered an order, approving the same and authorizing the work herein described to be done under the terms herein set forth, which application shall be filed by City within thirty (30) days after date of agreement.

Section 15. Subject to the qualifications contained in Section 13, this agreement shall be binding upon and inure to the benefit of the parties hereto, their successors and assigns.

In Witness Whereof, the parties hereto have caused this agreement to be executed on the date and year first above written by their proper officers thereunto duly authorized.

[*Signature forms, exhibits and acknowledgment forms in this agreement omitted.*]

Congratulations and Appreciation Extended Mayor Richard J. Daley on Achievements Attained during Ten Years in Office.

A proposed resolution (presented jointly by Alderman Keane and other members of the City Council) to congratulate Mayor Richard J. Daley, for his leadership in completing "Chicago's Greatest Decade" in improvements in the city and for civic and political leadership in the U.S.A.

Alderman Keane (seconded by Alderman Campbell) moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon said proposed resolution. The motion *Prevailed.*

The following is the proposed resolution:

WHEREAS, The City of Chicago has completed the decade of its greatest progress under the leadership of Mayor Richard J. Daley; and

WHEREAS, During the ten years of Mayor Daley's administration, Chicago has had its greatest period of building of public works and facilities, including the construction of its super highway system, complete rebuilding of its inner city, the construction of Chicago-O'Hare International Airport, and the erection of more government and residential buildings than any city in the United States; and

WHEREAS, Among the outstanding achievements brought about by Mayor Daley's leadership there must be listed the realization of this City's long hope for a four-year Branch of the University of Illinois—a future monument to his administration —the Congress Circle Campus; and

WHEREAS, Under Mayor Daley's administration in the field of government operations, Chicago has made its most outstanding achievements in its history including the consolidation of the Park District, reorganization of the Police Department, adoption of the performance executive budget and most of the recommendations made by the Chicago Home Rule Commission for the improvement of Chicago's municipal government; and

WHEREAS, No City in the United States has made such advancements in the areas of human relations as had the City of Chicago in the past ten years; and

WHEREAS, Under the Daley decade, Chicago has achieved a new profile, its profile being changed from the two Lions in front of the Art Institute to the Twin Towers of Marina City, demonstrating the "new look" in Chicago's future; and

WHEREAS, Chicago has been acclaimed by the national authorities and media of communication as the most exciting City in the United States, as well as being the best governed; and

WHEREAS, Under Mayor Daley's leadership there augurs for Chicago a period of great prosperity and achievement, including no slums, new subways, islands in the lake, new neighborhoods, stable population, new highways and extension of rapid transit; now, therefore,

Be It Resolved, That the City Council of the City of Chicago extend to Mayor Richard J. Daley its congratulations and appreciation for ten years of the best civic and political leadership in the United States, and extend to him their best wishes for his and the City's future success.

Alderman Keane moved to *Adopt.*

At the suggestion of Honorable Richard J. Daley, Mayor, Alderman Murray put the question, on the motion to adopt. The motion *Prevailed,* unanimously, by a rising vote.

Alderman Keane, in making his motion to adopt, stated that he took pleasure in extending congratulations and best wishes to the Mayor as an outstanding Chief Executive. He spoke of the splendid record established by the Mayor previous to his inauguration in 1955, having served with distinction in both branches of the legislature, becoming Minority Leader of the Illinois State Senate. He was Director of Finance under Governor Adlai Stevenson, and later served as County Clerk of Cook County. He stated that the Mayor brought a new tone and a new pattern of government to the city and recalled the Mayor's favorite expression "Good government is good politics and good politics is good government." He has extended his influence and ability as Chief Executive and has accomplished many improvements in developing Chicago as the greatest city in the nation during "Chicago's Greatest Decade."

Some thirty Aldermen seconded the motion, and in their addresses commended the Mayor for his leadership in the many fields of endeavor which had brought distinction and awards to the city, for which the Mayor and the people of the city are justly proud. They stated that Chicago is no longer described as an evil city but as one of great beauty and progress. With their congratulations they extended best wishes for continued service as Chief Executive of the City of Chicago.

Honorable Richard J. Daley, Mayor, thereupon thanked Alderman Keane and the other members of the City Council, department heads, city employes, religious, business and civic leaders for the wonderful cooperation extended to him in accomplishing the renaissance of a decaying city into one of natural beauty, rich in culture, arts and the humanities inspired by Chicago's indomitable spirit "I WILL".

This Agreement, consisting of this Part I and the Terms and Conditions (URA Form No. H-3155b, dated 4-64, as amended and modified hereby) forming Part II hereof (which Parts, together, are herein called the "Contract"), made and entered into on the date hereinbelow specified, by and between City of Chicago (herein called the "Local Public Agency") and the United States of America (herein called the "Government"), Witnesseth:

In consideration of the mutual covenants, promises, and representations contained herein, the parties hereto do agree as follows:

Sec. 1. *Purpose of Contract.*—The Local Public Agency proposes to carry out a certain urban renewal project (herein called the "Project") in a certain area (herein called the "Urban Renewal Area"), in accordance with the Urban Renewal Plan therefor. The purpose of this Contract is to provide for the extension by the Government to the Local Public Agency of certain Federal financial assistance under Title I of the Housing Act of 1949, as amended by all amendatory Acts (said Title I as so amended being herein sometimes called "Title I"), with respect to the Project, and to state the terms and conditions upon which such assistance will be extended and the understandings of the parties hereto as to the manner in which they contemplate that the Project will be carried out.

The Project Temporary Loan together with the Project Definitive Loans shall be in an aggregate amount which, together with such other funds, if any, as are supplied for the purpose (not including any advances by the Local Public Agency to the Project), shall be sufficient, but not in excess of that necessary, to enable the Local Public Agency to undertake, carry out, and finance the Project: *Provided, however,* That in no event shall the Project Temporary Loan, the aggregate of the Project Definitive Loans, or the aggregate of the Project Temporary Loan and Project Definitive Loans, outstanding at any one time, exceed Ten Million Two Hundred Forty-five Thousand Three Hundred Seventy-one Dollars ($10,245,371.00).

The redetermined rate shall not exceed 6 percent per annum, but otherwise shall be the higher of:

(i) The "going Federal rate" determined pursuant to the provisions of Title I of the Housing Act of 1949, as amended through September 2, 1964, and effective January 1 or July 1, as the case may be, following the expiration of the Initial Loan Period, or, in the case of subsequent redeterminations of the rate, the January 1 or July 1, as the case may be, constituting the fifth anniversary of the effective date of the latest redetermined rate; or

(ii) A rate per annum equal to the average yield to maturity on all outstanding obligations of the United States having a maturity from the May 1 or November 1, as the case may be, next preceding the date of the expiration of the Initial Loan Period (or, in the case of subsequent redeterminations of the rate, from the May 1 or November 1, next preceding the January 1 or July 1, as the case may be, constituting the fifth anniversary of the latest redetermined rate), of approximately 5 years, as determined by the Administrator, upon the advice of the Secretary of the Treasury, such average yield to be estimated on the basis of daily closing market bid quotations or prices for the month of May or November, as the case may be, next preceding the date of the expiration of the Initial Loan Period (or, in the case of subsequent redeterminations of the rate, for the month of May or November, as the case may be, next preceding the January 1 or July 1, constituting the fifth anniversary of the latest redetermined rate), and adjusted to the nearest ⅛ of 1 percent.

Sec. 4. *Project Definitive Loan Interest Rate.*—Each Project Definitive Loan shall bear interest at a rate (herein called the "Project Definitive Loan Interest Rate") which shall be the highest of:

(a) The "going Federal rate" determined pursuant to the provisions of Title I of the Housing Act of 1949, as amended through September 2, 1964, and specified by the Secretary of the Treasury as being applicable to the 6-month period in which a contract for a specific definitive loan is authorized in conjunction with a specific lease of project lands and in terms specific as to the rate of interest to be borne by such definitive loan; or

(b) The rate of interest for project temporary loans under Title I as determined by the Administrator as being applicable to the 6-month period described in subsection (4)(a) above; or

(c) The maximum rate of interest which the Local Public Agency will be able to pay from the proceeds of the annual rents under the specific lease of project lands to which such specific definitive loan is related, which maximum rate

shall be based on the assumption that such definitive loan (i) is in a principal amount equal to the capital value imputed to the project lands described in such lease, and (ii) is payable, as to both principal and interest, in substantially equal annual amounts in accord with the principles of level debt service over a period of 40 years from the date of such specific lease, and which rate shall be adjusted downward by at least ⅛ of 1 percent and not more than ¼ of 1 percent to a multiple of ⅛ of 1 percent.

Sec. 6. *Project Definitive Loan Obligations.*—The obligations evidencing each respective Project Definitive Loan (herein called "Project Definitive Loan Obligations") shall be a separate Series for each Project Definitive Loan which is made. The principal of and interest on all such Series of the Project Definitive Loan Obligations (and the premiums payable thereon in case any of the Project Definitive Loan Obligations are callable, at a premium, prior to maturity and are so called) shall be payable primarily from and equally and ratably secured by a first and exclusive lien upon and an irrevocable pledge of the funds which, in accordance with the terms of this Contract, are required to constitute the Project Definitive Loans Repayment Funds, after provision therein to the extent necessary, but only from the lease proceeds therein (such provision to be satisfactory to the Government), for the reasonable and proper costs to the Local Public Agency of its maintenance, management, and administration of its interests in the Project Land from which such lease proceeds are derived. Subject to the foregoing provisions of this Section, the Project Definitive Loan Obligations of each such Series shall be in such form and denominations, of such description, payable as to principal and interest (together with the aforesaid premiums) at such time or times and at such place or places, additionally secured (as to payment of principal, interest, and premiums) in such manner, have such mandatory and optional provisions for their redemption, at a premium, prior to their maturity, and have such other characteristics, as shall be mutually satisfactory to the Government and the Local Public Agency: *Provided,* That the period within which the Project Definitive Loan Obligations of any Series shall be payable shall not exceed 40 years from the date of the Project Definitive Loan Obligations of that Series: *Provided further,* That the term, "Project Definitive Loan Obligations", as used in this Contract, may include "Interim Certificates" which may be issued by the Local Public Agency pending its preparation, issuance, and delivery of the definitive bonds or other securities covering a Project Definitive Loan.

Sec. 7. *Project Capital Grant.*—The Government will also make to the Local Public Agency a capital grant for the Project (herein called the "Project Capital Grant") in an amount equal to the least of the following:

(a) The amount by which three-fourths of the Net Project Cost of this Project, together with the total of (i) three-fourths of the aggregate net project costs of other projects of the Local Public Agency (or of any other local public agency in the same municipality) on which contracts for capital grants have been made under Title I on a three-fourths capital grant basis and (ii) two-thirds of the aggregate net project costs of other projects of the Local Public Agency (or of any other local public agency in the same municipality) on which contracts for capital grants have been made under Title I on a two-thirds capital grant basis, exceeds the aggregate of the capital grants which, prior to the payment of the Project Capital Grant herein provided for, have been paid, or finally determined by the Administrator to be payable, with respect to such other projects; or

(b) The amount by which the Net Project Cost of this Project exceeds the total of the Local Grants-in-Aid which are actually provided with respect to this Project (including Local Grants-in-Aid which are to be provided and the cost of which has been estimated on such basis and in accordance with such conditions as the Administrator shall prescribe); or

(c) The amount by which the aggregate of the Net Project Cost of this Project and of all other projects on which contracts for capital grants have been made with the Local Public Agency (or with any other local public agency in the same municipality) exceeds the aggregate of the Local Grants-in-Aid which have been provided (including Local Grants-in-Aid which are to be provided and the cost of which has been estimated on such basis and in accordance with such conditions as the Administrator shall prescribe) with respect to such projects; or

(d) Nine Million Fifty-one Thousand Six Hundred Seventy-nine Dollars ($9,051,679.00).

Tribute Paid to Late Albert Cardinal Meyer.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, Almighty God in His Divine Wisdom has seen fit to bring to an untimely close the divinely inspired career of His Eminence Albert Gregory Cardinal Meyer; and

WHEREAS, The passing of this illustrious Prince of the Roman Catholic Church is the cause of the most profound sorrow, not only to the members of his church, but to the peoples of all faiths and creeds, not only in Chicago, the city which he loved, but throughout America and the whole civilized world; and

WHEREAS, The ending of the earthly life of His Eminence, Albert Gregory Cardinal Meyer, has deprived the hundreds of thousands of members of the Roman Catholic Church of Chicago of the man who was their dedicated counselor and leader, and has also deprived the City of Chicago and its peoples of all beliefs of his devoted leadership and wise judgment in civic as well as spiritual affairs; and

WHEREAS, He came from humble origins and though he rose to world-wide prominence his life was dominated by a deep sympathy and understanding of the problems and hopes of all people, particularly the poor and unfortunate; and

WHEREAS, Most of his lifetime was spent in the Middle West and he had a keen knowledge of the social and economic environment of the American heartland; and

WHEREAS, Since his ordination as a priest in 1926, as a Rector of the seminary where he had been a student, as Bishop of Superior, Wisconsin, as Archbishop of the Milwaukee diocese and Archbishop of Chicago, he distinguished himself as a scholar and teacher of Greek, Italian, Biblical archaeology, Church dogma, and Scripture; and

WHEREAS, He was devoted to the training of youth and few churchmen have dedicated so many schools or given so much of their time to initiating and carrying out general programs of youth guidance and youth welfare; and

WHEREAS, On November 16, 1958 he was enthroned as the fifth Archbishop of the Chicago diocese and a year later designated a Cardinal by Pope John XXIII; and

WHEREAS, With typical self-effacement he said at the time of his appointment "I fully realize that this is an honor primarily for the great Archdiocese of Chicago and its wonderful clergy, religious and laity"; and

WHEREAS, He was recognized as one of the new leaders in religious thought and himself proclaimed his mission to be "to preach, to teach and to sanctify"; and

WHEREAS, He was outspoken in his denunciation of prejudice and persecution, and he was the champion of social and economic justice for all people; and

WHEREAS, He said on one occasion, "The charity of a convinced Christian spirit demands of us that we can and do appreciate the personal qualities of men and women who differ from us in religious conviction, whether we regard their natural qualifications or even the qualities which may manifest in the exercise of their own religious beliefs"; and

WHEREAS, His Eminence' contribution to the cause of integration and generally improved human relations must be accounted to be of tremendous importance, for it was he who was one of the spearheads of the organization of the Chicago Conference on Religion and Race, which has had great influence for good not only here but in the nation; and

WHEREAS, His deeds and works marked him for all time as a singularly outstanding figure of the nation's Roman Catholic hierarchy; and

WHEREAS, His influence in the Second Vatican Ecumenical Council was recognized the world over and his leadership in the proposed declaration on religious liberty and freedom, will be among his enduring monuments; and

WHEREAS, His character, generosity, and goodness to all people made him universally beloved; now, therefore,

Be It Resolved, That the members of the City Council, in meeting assembled this thirteenth day of April, A. D., 1965, hereby make public acknowledgment of our city's great indebtedness to this truly great churchman, whose death is demonstrably mourned by hundreds of thousands of his fellow citizens, and express the prayerful hope that the causes he espoused will be carried on for the benefit of all men; and

Be It Further Resolved, That the members of the City Council are deeply appreciative of His Eminence' place in the hearts and minds of the people of this city, do hereby express our sympathy especially to the bereaved members of his flock, and declare his passing to be an occasion for civic mourning; and

Be It Further Resolved, That we extend to the bereaved surviving members of His Eminence' Family our most sincere condolences; and

Be It Further Resolved, That a copy of this resolution be presented to the Chancellor of the Chicago Archdiocese as a token of the sorrow we express for ourselves and for all of the people of Chicago upon the passing of Albert Gregory Cardinal Meyer; and

Be It Further Resolved, That the employes of the city government be permitted to attend the services and funeral procession between the hours of 9:30 A.M. and 2:30 P.M.

On motion of Alderman Keane (seconded by Aldermen Bohling, Wigoda, Murray, Campbell, Sperling, J. P. Burke, Fitzpatrick, Rosenberg, Holman and Despres) said proposed resolution was *Adopted,* unanimously, by a rising vote.

Alderman Keane and the seconding aldermen in their addresses eulogized the late Cardinal not only for the leadership he had provided to the Catholics of Chicago as a dedicated churchman, but to Chicagoans of all faiths by his inspired zeal in promotion of ecumenism, racial understanding and brotherhood, which are the needs of our times. They stated that in spite of his outstanding intellectual attainments and exalted position in his church, the virtues of humility, charity and generosity were outstanding among his many admirable characteristics. They expressed appreciation for the late Cardinal's enormous contribution to the spiritual and material welfare of all the people of the city during his tenure as Archbishop of the Chicago archdiocese. They extended

sympathy to the bereaved family for the loss of a beloved brother, to the people of the Catholic faith for the loss of a great and kindly leader, and to the people of Chicago for the loss of an outstanding humanitarian.

PRAYERS BY RABBI KAGANOFF AND DR. EDGAR H. S. CHANDLER.

Thereupon Rabbi Benzion C. Kaganoff, President of the Chicago Board of Rabbis, followed by Dr. Edgar H. S. Chandler, Executive Director of the Church Federation of Greater Chicago, addressed the assembly in prayerful memory of the many outstanding personal virtues exemplified by the late Cardinal in his relations with the people of all faiths, praying that his example would long be an inspiration to follow his leadership in religious and racial tolerance.

At this point in the proceedings Honorable Richard J. Daley, Mayor, called on the Honorable Seymour Simon, President of the County Board, and the Honorable Frank W. Chesrow, President of The Metropolitan Sanitary District of Greater Chicago, who were present on the rostrum, to address the assembly. Each of the public officials on behalf of himself and the governmental body he represents expressed sorrow for the untimely passing of an outstanding religious and civic leader, who had endeared himself to the people of all creeds for the sincerity, charity and dedication which had inspired all of his activities.

Honorable Richard J. Daley, Mayor, thereupon introduced the Honorable Anthony J. Celebrezze, Secretary of Health, Education and Welfare, who had at that time entered the Council Chamber, and who had been delegated to represent President Johnson at the memorial services.

Mr. Celebrezze spoke briefly for himself and the President, praising the late Cardinal's numerous personal virtues, which had been reflected in his activities to promote religious and racial understanding not only in his archdiocese but throughout the nation. For the President and himself he extended condolences to the bereaved family and to the members of the Cardinal's faith.

MAYOR DALEY'S EULOGY.

Honorable Richard J. Daley, Mayor, thereupon addressed the Council and assembled guests to add his personal tribute to the late Cardinal's memory. He expressed grief over the loss of a personal and cherished friend, the loss to the church of a dedicated and zealous leader, and to the city of one of its foremost citizens who had at all times been in the forefront of all activities which promoted the spiritual and material advancement of his people, especially the poor, the handicapped and the youth. He further extended sympathy to the grieving family and friends of the late Cardinal.

WHEREAS, The City of Chicago (herein called the "Applicant"), after thorough consideration of the various aspects of the problem and study of available data has hereby determined that the construction of certain public works, generally described as a rapid transit subway system, with appropriate connections to existing transit facilities, to serve the City of Chicago, is desirable and in the public interest and to that end it is necessary that action preliminary to the construction of said works be taken immediately; and

WHEREAS, Under the terms of Public Law 560, 83rd Congress, as amended, the United States of

America has authorized the making of advances to public bodies to aid in financing the cost of engineering and architectural surveys, designs, plans, working drawings, specifications or other action preliminary to and in preparation for the construction of public works; and

WHEREAS, The applicant has examined and duly considered such act and the applicant considers it to be in the public interest and to its benefit to file an application under said act and to authorize other action in connection therewith; and

WHEREAS, Under the terms of the Regulations issued by the Housing and Home Finance Agency (24 CFR, Subtitle A, Part I), pursuant to Title VI of the Civil Rights Act of 1964 (P.L. 88-352), every application for Federal financial assistance shall contain or be accompanied by an Assurance of Compliance therewith; now, therefore,

Be It Resolved, by the City Council of the City of Chicago, the governing body of said applicant, as follows:

1. That the construction of said public works is essential to and is to the best interests of the applicant, and to the end that such public works may be provided as promptly as practicable, it is desirable that action preliminary to the construction thereof be undertaken immediately.
2. That the Mayor be hereby authorized to file in behalf of the applicant an application (in form required by the United States and in conformity with said act) for an advance to be made by the United States to the applicant to aid in defraying the cost of plan preparation for the above described public works, which shall consist generally of preliminary planning, engineering, economic and operation studies.
3. That if such advance be made, the applicant shall provide or make necessary arrangements to provide such funds, in addition to the advance, as may be required to defray the cost of the plan preparation of such public works.
4. That the Mayor is hereby authorized to furnish such information and take such action as may be necessary to enable the applicant to qualify for the advance; and he is hereby further authorized and directed to execute and file with the Housing and Home Finance Agency, Form CFA-1901 (3-65), Assurance of Compliance with the Housing and Home Finance Agency Regulations under Title VI of the Civil Rights Act of 1964.

Referred—PROPOSED ORDINANCE TO REDUCE LICENSE FEE FOR RETAIL TOBACCO DEALERS.

Honorable Richard J. Daley, Mayor, submitted the following communication, which was, together with the proposed ordinance transmitted therewith, *Referred to the Committee on Finance:*

OFFICE OF THE MAYOR
CITY OF CHICAGO

April 20, 1965.

To The Honorable, The City Council of the City of Chicago:

GENTLEMEN—At the request of the Corporation Counsel, I transmit herewith a proposed ordinance changing the license fee for retail tobacco dealers under Chapter 178 of the Municipal Code of Chicago from $60.00 per semi-annual period to $50.00 per semi-annual period.

This change is necessary to avoid further litigation regarding the amount of this fee. On February 15, 1965, a Decree was entered in the Circuit Court of Cook County, *W. F. Monroe Cigar Co. v. City of Chicago,* Case No. 62-S-12573, permitting the City to retain $50.00 of the $60.00 semi-annual fee for the license periods between July 1, 1962 and December 31, 1964. This allowance was predicated on the fact that said amount was commensurate with the costs to the City for regulation and enforcement. The overage, which approximates $10.00 per period per licensee, was deemed to be excessive and ordered to be refunded by the Court.

Your favorable consideration of this matter will be appreciated.

Very truly yours,
(Signed) RICHARD J. DALEY,
Mayor.

Gabel, as assignee of certain tax sales certificates, a Tax Deed to certain real estate in the City of Chicago under authority of Section 266 of the Revenue Act of 1939. It was argued in the Appellate Court that Section 270 of the Revenue Act of 1939 is applicable to the instant case, and under its terms the order of the County Court should not have been entered until the petitioner had made reimbursement to the City of Chicago as the holder of certain prior tax deeds to the property in question.)—*Placed on File.*

Court Decision.

Also a communication from the Law Department addressed to the City Council under date of April 22, 1965, advising that the Illinois Appellate Court had affirmed in part, reversed in part and remanded with directions a cause entitled *Bella Kay Building Corporation and Walter's Union Market, Inc.* v. *City of Chicago and Santucci Construction Company;* Appellate Court No. 49111. This action was brought for damages arising out of the collapse of portions of a building at No. 733 W. Fulton Street, Chicago, Illinois. The collapse allegedly was due to the negligence of Santucci Construction Company while excavating for a sewer to be built as part of the Northwest Superhighway. The original plaintiffs, Bella Kay Building Corporation, as owner, and Walter's Union Market, Inc., as tenant, instituted suit, making City of Chicago and Santucci Construction Company, defendants, both of whom also filed cross-claims against each other. Bella Kay Building Corporation won a decree for $63,585.91 against the City of Chicago from which decree the City has appealed. The trial court also returned a verdict in favor of Walter's Union Market Inc. for $6,000 against the City and $12,000 against Santucci and judgments were entered thereon. City did not appeal from the judgment of $6,000. Santucci appealed from judgment entered against it. Walter's Union Market Inc. cross-appealed on grounds of inadequacy of both verdicts. Both these judgments were vacated by the Appellate Court and a new trial ordered as to damages only. City filed a counter-claim against Santucci and in turn, Santucci filed a counterclaim against the City, each praying that counterdefendant be required to pay whatever amount Bella Kay and Walter's Market should recover against counter-claimants. The counter claims were tried by the same jury which tried Walter's Market claims against the City and Santucci on their counterclaims against each other and both have appealed. The higher court finally held that Santucci is *liable to the City of Chicago* "for the amount awarded to Bella Kay Building Corporation and for such damages as may hereafter be awarded to Walter's Union Market." The Appellate Court after reviewing the evidence held that all damages resulted from the negligence of Santucci Construction Co. and therefore under the contract of indemnification between City and Santucci, *Santucci must pay all judgments entered against it and the City of Chicago.—Placed on File.*

WHEREAS, Such a man is Sergeant Milton Mautner, of Uptown Chicago, who joined the Army in 1942, served in Europe in World War II, then in Korea; at age 42 with 23 years of service in the United States Army he could have retired, but in December, when Sergeant Mautner ended six years of duty with the R.O.T.C. at the Nicholas Senn High School in Chicago, Illinois, he went to Viet Nam and his third War; since that time, he has been serving with the Vietnamese Rangers, an outfit that ranks among the toughest fighters in the World; and

The Committee on Federal and State Legislation submitted a report recommending that the City Council adopt the following proposed resolution transmitted therewith (which was referred to the committee on May 5, 1965):

WHEREAS, Four previous administrations of the United States of America and four Presidents of the United States, including former Presidents Harry S. Truman and Dwight D. Eisenhower, the late John F. Kennedy and the incumbent, Lyndon B. Johnson, have each declared that the present quota system for immigration into the United States of America was false and unworthy in 1924 and is even worse now, and completely contrary to the ideals and philosophy of America and that which made America great; now, therefore,

Be It Resolved, That the members of the City Council of the City of Chicago, in session assembled, hereby memorialize the House of Representatives and the Senate of the United States of America to support and pass pending immigration legislation in said Congress, known as Senate Bill 500 and House of Representatives Bill 2580; and that it is the sense of this City Council that our current immigration laws should be enlarged, amended and brought into conformity with our basic desires of continuing to make America available to deserving immigration on a fair and equitable basis.

Commendation Extended to Joseph E. Thurston, Director, and for Excellent Services Performed by Fellowship Club of Chicago.

A proposed resolution reading as follows:

WHEREAS, It has come to the attention of the City Council that the City of Chicago is promoting a program known as the Fellowship Club, which has to do with the cure and prevention of alcoholism among City employees, and which is receiving worldwide publicity; and

WHEREAS, So much criticism has been cast at City Government that it is only right and proper that due tribute be paid to this worthwhile, much-heralded and much-copied program. In effect since 1955, with the full backing and support of Mayor Richard J. Daley, Joseph E. Thurston, Director, has set up a program beyond any expectations of the original consideration given this commendable program. Much appreciation should be extended to the late Clem Lane, former City Editor of the Chicago Daily News and Elgar Brown, Chief Staff Correspondent of the Chicago's American who originally conceived the idea. On April 22, 1965, the Christian Science Monitor, noted for its editorial excellence, devoted half of the first page of its second section lauding the work being done and calling the attention of all America to this fine work. Through the example of this program, the Department of Health, Education and Welfare has set up a Committee on Alcoholism and has received commendation and encouragement from President Lyndon B. Johnson; now, therefore,

Be It Resolved, That the Mayor and the City Council take cognizance of the fine work being done by the Fellowship Club, congratulate its Director, Joseph E. Thurston, suggest that other governmental agencies in the County of Cook join forces with him and continue to carry on this program which has, to date, brought so much commendation to the City of Chicago.

Chicago Committee on Urban Opportunity Established and Powers and Duties Prescribed.

Honorable Richard J. Daley, Mayor, submitted the following communication:

OFFICE OF THE MAYOR
CITY OF CHICAGO

May 26, 1965.

To the Honorable, The City Council of the City of Chicago:

GENTLEMEN—On March 25, 1964, there was established by the City Council of the City of Chicago, pursuant to the appointment by the Mayor, a Citizens Committee to study and coordinate Chicago's public and private welfare activities in conjunction with the programs of the Federal Government in furtherance of the President's War on Poverty.

Subsequent to the creation of this Committee, Dr. Deton J. Brooks, Jr. was appointed as the Executive Director of the Chicago Committee on Urban Opportunity. On June 24, 1964, by the action of the City Council, premises were leased at One N. Wacker Drive for the use of the Chicago Committee on Urban Opportunity.

On December 29, 1964, the City Council, in the Annual Appropriation Ordinance for 1965, appropriated the sum of $100,000, for the expense of the Chicago Committee on Urban Opportunity.

During the ensuing months the Executive Director, with the assistance of staff loaned to him by various city and county agencies, both public and private, formulated proposals to be presented to the Federal Government in an effort to coordinate and unify the efforts of the community to achieve maximum effectiveness and efficiency in the conduct of programs undertaken in an effort to accomplish the objectives of the President's War on Poverty.

Pursuant to Public Law 88-452 enacted by the 88th Congress, funds have been made available for the creation of a permanent staff, as well as specific grants to put into effect various phases of the federal legislation.

At a recent meeting of the City Council, the privilege of the floor was extended to the Director of the Chicago Committee on Urban Opportunity to ex-

plain the programs and procedures of the Chicago Committee on Urban Opportunity and present a progress report to the members of the City Council. Following this presentation, a commendatory resolution was adopted by the members of the City Council.

I believe, at this time, it is desirable that an ordinance be passed by the City Council clarifying the composition of the Chicago Committee on Urban Opportunity, the powers and functions of its Director and staff.

Therefore, I submit for your consideration the attached ordinance and respectfully urge your favorable consideration thereof.

Very truly yours,

(Signed) RICHARD J. DALEY,

19. The District agrees to comply with any and all sanitary regulations of the City and the present and future rules, regulations and instructions of the Department of Water and Sewers of the City applicable to cross-connections and dual water supplies as are in force in the City of Chicago Water System. The District further agrees that the duly authorized Engineers and Inspectors of the City in collaboration with the representatives of the District shall be allowed to make inspections and require tests for tightness of the piping of the water works installations, and of all plants or other buildings of water users within the territorial limits of the District, and the District further agrees to make such changes in its piping and to eliminate such cross-connections or other connections as in the judgment of the Commissioner of Water and Sewers of the City are necessary. The failure, neglect or refusal on the part of the District to make promptly and properly such changes in its piping, to maintain tightness, or to eliminate undesirable connections upon notice in writing so to do from said Commissioner of Water and Sewers, shall furnish sufficient grounds for the City to shut off the water and discontinue the service hereunder until charges and corrections in said piping or connections required by the City are made by the District.

20. The District agrees to prevent excessive use and waste of water.

21. The District agrees to appropriate annually sufficient money or so much thereof, as may be necessary, to provide sufficient funds for the payment of the water furnished by the City hereunder. The District further agrees that it will at all times charge its water consumers sufficient rates in order to provide adequate funds for the payment of water furnished it by the City.

22. It is further agreed that the City may either in law or equity, by suit, mandamus or other proceedings, enforce or compel performance of any and all covenants herein contained.

23. In order to safeguard its water supply received hereunder and the City's water supply, the District hereby agrees to maintain a safe water supply throughout its system and to provide, maintain and operate at all times during the period of this contract, chlorinating equipment or other equally effective health protecting process equipment of such kind and capacity that a proper chlorine residual or similarly effective result may be carried throughout its water supply system. All proposed water works improvements, which must be approved by the Commissioner of Water and Sewers of the City shall be disinfected in accordance with the requirements of the Department of Water and Sewers of the City; said water works improvements shall not be placed into service until approved as to sanitary quality by the City.

24. The City may adopt any protective or health measures is deems advisable or desirable for the benefit of its water consumers, such as the fluoridation of its water, in any manner that the Commissioner of Water and Sewers of the City shall see fit.

25. The District agrees to notify the Commissioner of Water and Sewers of the City as promptly as possible of all emergency and other conditions which may directly or indirectly affect the quality of the water received hereunder and the City's water supply and further agrees that the duly authorized Engineers and Inspectors of the City shall be allowed to make inspections and

required tests of the quality of the water supply as received hereunder, as well as the quality of the water within the District distribution system.

26. The District agrees not to resell or permit any water furnished hereunder to be used to supply any other municipality or any consumer of water located or residing outside the territorial limits of the District, except if and when it should be specifically authorized so to do by the City Council of the City.

27. The District agrees to use City water exclusively during the period of this contract.

28. The District further agrees not to sell, lease or give any interest in or right or privilege to utilize its water supply main or mains to any other municipality or any consumer of water whose premises are located outside the territorial limits of the District and further agrees not to permit any connection to be made to its water supply main or mains except to supply consumers within the territorial limits of the District, without first securing the consent in writing of the City Council of the City so to do.

29. At the end of each calendar year during the term of this contract and not later than March 31st of each year, the District agrees to submit to the Commissioner of Water and Sewers of the City a report in writing showing in cubic feet or gallons the amount of water furnished the District and the amount in quantity and charges billed by it to consumers during the preceding year and to furnish such other information regarding billing, collections and delinquencies as may be requested from time to time by said Commissioner of Water and Sewers.

30. At the end of each billing period, but at least quarterly, the District agrees to submit to the Commissioner of Water and Sewers of the City a complete list of all water consumers of the District located or residing outside its corporate limits, showing name, location, character of occupancy, amount of water in cubic feet or gallons furnished, charges billed, and payment to the City of Chicago at the higher rate.

31. To secure prompt payment of the water bills, the City shall have the right at any time to require the District to pay in advance a sum of money estimated by the Commissioner of Water and Sewers of the City to be equal to the cost of water required by the District for a period of ninety (90) days at the then prevailing metered rate, which said advance payment the District hereby agrees to make upon demand.

32. The City shall not be responsible in damages for any failure to supply water or for interruption of the water furnished hereunder. The District agrees to save and keep harmless the City from all damage to real and personal property occasioned or caused by the making of the water connection or connections herein referred to or caused by the furnishing of water hereunder, and shall also keep and save harmless the City from all damage of any kind, nature and description which may arise as the result of the making of this agreement.

33. The City reserves the right to its Commissioner of Water and Sewers to decide all questions arising as to the proper performance of the contract.

34. If the District shall refuse, neglect or fail to pay promptly the water bills rendered for the water supplied it hereunder within the time or times prescribed by the ordinances of the City, or if the District shall fail to comply with or perform any of the conditions or obligations on its part to be complied with or to be performed hereunder, and if after such failure the City shall deliver at the District office of the Garden Homes Sanitary District addressed to the President and Board of Trustees of the Garden Homes Sanitary District a notice in writing of its intention to shut off the supply of water on account of such failure, refusal or neglect, then the City shall have the right to shut off the supply at the expiration of five (5) days after the giving of such notice, and to terminate this contract unless within such five (5) days the District shall make good such failure. The shutting off of the supply of water for any such cause shall not release the District from its obligations to make payments of any amount or amounts due to or become due in accordance with the terms hereof.

35. No assignment or transfer of this agreement shall be made by the District.

36. The District hereby waives any defenses it may have by virtue of any governmental function it exercises in any action brought at law or equity under the terms of this contract.

37. No officer, official or agent of the City has the power to amend, modify or alter this agreement or waive any of its conditions or to bind the City by making any promise or representation not contained herein.

38. The authority of the officials of the City to execute this agreement is evidenced by the authority of the City Council of the City of Chicago given on the ..... day of ....., A.D. 19..... and published in the Journal of Proceedings of the City Council for said date on pages .... thereof.

39. The authority of the officials of the Garden Homes Sanitary District, to execute this agreement is evidenced by the resolution passed by the President and Board of Trustees of the Garden Homes Sanitary District at a regular meeting of said President and Board of Trustees held on the ..... day of ....., A.D. 19.....

40. This agreement is subject to cancellation by the City of Chicago in the event the Supreme Court of the United States of America or any court of competent jurisdiction decrees that the City has no right to contract for, sell, disperse, distribute or limit the amount of water the City may use for domestic pumpage or otherwise places a burden on the City in connection with the withdrawal of water from Lake Michigan, or otherwise dispose of water from Lake Michigan to any municipality or user residing outside the limits of the City of Chicago.
